On March 17-20, supply chain professionals from across the world will have an incredible opportunity to come together and get a front-row seat for what's new and what's next for supply chains. So whatever solutions you need to move your business — and your career — forward, you'll find them all at ProMat 2025.

IN-PERSON EXPERIENCES, OUTSTANDING RESULTS

There's no substitute for meeting face-to-face and watching equipment and technology operate in real time. ProMat 2025 gives you the chance to do both. By bringing the manufacturing and supply chain industry's most influential thought leaders and next-generation solutions together under one roof, ProMat creates the ideal environment for learning, networking and problem-solving.

SET YOURSELF UP FOR FUTURE SUCCESS

The future of the manufacturing and supply chain industry starts at ProMat, where the brightest minds in the industry come together. In an industry that's constantly evolving, you have to stay ahead of the curve, which is why ProMat brings together all the products, services and know-how you need to compete in the world we now live in.

NO RISK, PLENTY OF REWARD

In addition to free attendance, ProMat 2025 offers all the resources you need to get your management's approval to come to Chicago in March. Visit promatshow.com/approval to find proposal writing tips and budgeting strategies. After all, the connections, education and solution sourcing at ProMat could positively impact your business for years to come.

EXPLORE GLOBAL OPPORTUNITIES

ProMat is an international event with manufacturing and supply chain professionals attending from the United States and across the globe. To accommodate our international visitors, we offer special interpreting services, meeting rooms and matchmaking tools to help you take full advantage of a global economy.

UNSURPASSED EDUCATIONAL OPPORTUNITIES

ProMat gives you a preview of what lies ahead in the manufacturing and supply chain industries. Whether it's a new product or technology, a new process, ESG, or a regulation that's going to impact the way you do business, you'll learn about it here. With a comprehensive educational program of keynotes and show floor educational seminars led by industry experts, ProMat 2025 offers you the insight and information you need to tackle today's challenges — and prepare for what the future holds.

FIND YOUR NEXT BIG IDEA AT THE STARTUP PAVILION

The StartUp Pavilion is a specialized area on the ProMat show floor where companies showcase emerging supply chain tech and innovation.

Four Cutting-Edge and Inspirational Keynote Talks

MONDAY, MARCH 17 • 9:00 AM • PAUL ZIKOPOULOS

THE DATA EFFECT: THE PRICE OF NOT KNOWING

Today's competitive advantage for supply chains lies in data. During this insightful keynote, join data expert Paul Zikopoulos as he discusses the price of not knowing what your data can tell you. He will break apart the roles of data collection and decision-making to demonstrate the risks of walking by solvable problems and leaving opportunities on the table — opportunities that are disrupting industries and creating a tangible competitive advantage. Learn how these forces are driving innovation and how data and emerging technologies are shaping the future of supply chains and how we interact with businesses and each other.

Paul is an award-winning tech thought leader and writer who has shared his expertise on AI and big data on *60 Minutes*, as well as in publications such as *Technopedia* and *Analytics Week*. He has published 21 books, including *Cloud Without Compromise* and *The AI Ladder*, and more than 360 articles. Among the leading voices in tech and big data, Paul has been named in dozens of global "Experts to Follow" and "Influencers" lists, including *Analytics Insight's* "Top 100 Global AI & Big Data Influencers" and SAP's "50 Big Data Twitter Influencers."

TUESDAY, MARCH 18 • 9:00 AM • AZEEM AZHAR

THE AI OPPORTUNITY FOR SUPPLY CHAINS

Get front-row insights into AI's impact on supply chains from seasoned tech visionary and host of Bloomberg's *Exponentially* Azeem Azhar. Drawing on deep insight, academic research and practical knowledge, this talk will be a masterclass in transforming AI complexities into clear, strategic advantages for your supply chain operations.

Azeem is considered one of the world's most influential thinkers on the impact of technology on humanity. The founder of the *Exponential View* newsletter and podcast, he is known for his invaluable insights and original perspective, he regularly advises politicians, business leaders and the public on the challenges and opportunities presented by AI and other emerging technologies.

He is a visiting fellow at the Oxford Martin School, an executive fellow at Harvard Business School, and the co-chair on the Global Future Council on the Future of Complex Risks at the World Economic Forum.

WEDNESDAY, MARCH 19 • 9:00 AM • DEION SANDERS

FROM PRIME TIME TO COACH PRIME: A CONVERSATION WITH DEION SANDERS

Legendary athlete and coach Deion “Coach Prime” Sanders makes headlines in the world of college football with his electric coaching style, unapologetic humor and refreshing sincerity. Known as “Prime Time” in his days as a player, he was the first athlete in sports history to play in both the World Series and the Super Bowl. He was an eight-time Pro Bowler and two-time Super Bowl champion over 14 seasons in the NFL. As the current head football coach at the University of Colorado, he now inspires players and fans with his highly motivational coaching style. An expert on team building, fundraising and rallying communities, Sanders will share his unmatched perspective on excellence in this highly impactful conversation that will inspire you to excellence in your own organization and in your life.

WEDNESDAY, MARCH 19 • 1:00 PM
